Scholarships

University employees can take advantage of free professional development courses, tuition waivers, and other incentives to increase academic and professional success. But even with these opportunities, the cost of books and fees can prevent staff from pursuing a degree at UCF. The Staff Advisory Council offers scholarships to help.

"The [Staff] Scholarship award helped me achieve my Master in Business Administration degree by paying for some of the extra costs associated with my degree program. I'm so grateful for the award and honored to have been selected!"

— CAREY MORALES, ADMINISTRATIVE ASSISTANT II
